

Novena Prayer

We adore, praise and love you, Sacred Heart of Jesus.

Our hearts grieve for the many ways we have failed to love you.

Our hearts grieve as your heart suffers in the poor who lack the necessities of life while we live with abundance.

Our hearts grieve as your heart, living in the vulnerable, is broken by violence, hatred and oppression.

Our hearts grieve as your heart, beating through the cosmos, is wounded by disregard for earth's environment and all of creation.

Take our hearts;
fill them with your love, courage and compassion,
that we may offer your heart to our world
and all in need.

Enclose in your compassionate Heart the members and associates of our Grey Nun congregation.

Through our prayer and your providence, may we grow in love of you and one another.

Amen.
